Battery Life	70 hours (alkaline)
Auto Shut Off (level mode) .	When off-level >30 minutes
Re-chargeable Batteries	Available option
Environmental	Dust and water resistant
Rotation Speed	600 r.p.m.

- The Pro Shot™ **L4** combines one person operation that lasers are famous for, with superior accuracy and the capabilities of lasers that cost far more. Its built-in vertical vial lets you use the **L4** to do more types of alignment work. With far more operating range than competitive lasers, you can do the big jobs in a single setup, reducing labor cost and errors. Affordable extra receivers let you add to your system and increase productivity for far less than other brands. Along with all these benefits, the **L4** offers the best warranty protection in the industry.

- The **Guardian** 36 month warranty covers any defects in materials or workmanship and also covers the internal leveling mechanism, laser diode, optics and rotating mirror against damage *from any cause*.

Don't settle for less. Let the L4 put you in control of all your jobsite alignment needs.
